Ludo Snake and Ladder Game with Interesting Questions

The “Gyan ki Yatra” Rule Set

In this rule system, players must answer questions or perform tasks when they land on special squares.

Rule

If a player lands on a square that contains a ladder, a snake, or a question box, they must answer a question or complete a task before using it.

Types of Special Squares

1. Ladder Square

- The player must answer a question.
- Correct Answer: Player climbs up the ladder.
- Incorrect Answer: Player stays at the bottom.

2. Snake Square

- The player must answer a question.
- Correct Answer: Player avoids the snake.
- Incorrect Answer: Player slides down.

3. Question Box Square

- This square contains only a question (no snake or ladder).
- Usually includes Math questions (Class 9 - 12 level).

Outcomes:

- Correct Answer: The player gets a reward (e.g., extra dice roll / bonus move of +2 steps).
- Incorrect Answer: The player gets a penalty (e.g., skip next turn / move back 2 steps).

This rule makes the game more engaging and encourages players to think, learn, and participate actively.
